

PUBLIC NOTICE
For
Air Quality Operating Permit
for Roswell Compressor Station No. 9 of Transwestern Pipeline Company

Transwestern Pipeline Company at 6381 North Main Street, Roswell, NM 88201 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Roswell Compressor Station No 9. The owner of this plant is Transwestern Pipeline Company. The exact location of the facility is latitude 33 deg, 30 min, 22 sec and longitude -104 deg, 30 min, 59.7 sec. To aid in locating this facility, the approximate location is 5 miles north of Roswell on Hwy 285, New Mexico 88201 in Chaves County. This application file has been assigned an Operating Permit Number P154R3 and TEMPO Agency Interest ID No. 10.

This facility is a compressor station. Pipeline natural gas from a gathering system enters the facility via a distribution system that feeds two natural gas fired engines. After compression this gas is discharged into another pipeline.

This operating permit application is for a permit renewal and no changes in operation.

The estimated maximum air pollutant emissions to the atmosphere from this plant after the requested operating permit is granted are as follows. Parentheses note changes in emissions from the previous operating permit action; emissions are expressed in tons per year (tpy). Nitrogen Oxides (NO_x) at 1122.0 tpy (no change) and Carbon Monoxide (CO) at 118.5 tpy (decrease 41.5). The facility is a minor, < 100,000 tpy CO₂e, source of green house gas emissions.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance status.

The NMED has made a preliminary determination that this plant will comply with the requirements of New Mexico Administrative Code 20.2.7, 20.2.61, 20.2.70, 20.2.71, 20.2.73, 40 CFR 50, and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before January 15, 2014.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P154R3. Contact the New Mexico Environment Department, Air Quality Bureau, Operating Permit Unit, 1301 Siler Rd, Bldg B, Santa Fe, New Mexico 87507-3113.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, Operating Permits Unit, 1301 Siler, Bldg B, Santa Fe, New Mexico 87507-3113. The Department contact in Santa Fe is Joseph Kimbrell at 505-476-4347.
